EDUCATION

Master of Arts in 3D Animation, Escape Studios Accredited by University of Kent

London, UK

Sep 2022 — Sep 2023

Bachelor of Arts in Critical Media Practices, University of Colorado at Boulder

Boulder, Colorado, USA

Sep 2018 — May 2022

WORK EXPERIENCE

Student Representative at Escape Studios

London, UK

Jan 2023 — Oct 2023

Acted as the liaison between the Animation Department's students and the school's administration. Regularly met every two weeks with the administration and department heads to assess and address the department's resource requirements. Successfully secured enough Autodesk Maya licenses to accommodate approximately 50 students enrolled in Master's degree programs.

PROJECTS

"The Dance of Fire and Air", Escape Studios

London, UK

Jul 2023 — Sep 2023

Creator/Animation | 00:38 | - Combining lip-sync, character performance, set design, and action to bring to life my take of the classic animated show "Avatar: The Last Airbender". Tools: Maya, Premiere Pro

"Open Circuit", Escape Studios

London, UK

Mar 2023 — May 2023

Animator/Layout/Editor/Sound Editor | 3:06 | Animation for the human character and the robot. Used both pose to pose and straight ahead techniques. Also created video reference of myself to demonstrate the character performance. Tools: Maya, Premiere Pro, Audition

"Killer Kingdom", Escape Studios

London, UK

Jan 2023 — Feb 2023

Creator/Animator | 00:23 | Short clip of a velociraptor, which displays the knowledge of creature performance. Research and development of a velociraptor's movements through the study of ostriches and other large birds. Tools: Maya, Premiere Pro

"What Was Dat?", Escape Studios

London, UK

Nov 2022 — Dec 2022

Creator/Animator | 00:19 | Animation displaying knowledge of character performance and lip-sync. Use of both FK and IK to create believable animation that matches the dialogue. Tools: Maya, Premiere Pro

"Lipstick", Escape Studios

London, UK

Sep 2022 — Oct 2022

Creator/Animator | 00:17 | Animation displaying the knowledge of body mechanics and walk cycles for both a male and a female. Tools: Maya, Premiere Pro
